

MS ACCOUNTING

Master of Science in Accounting—MS(A)

This 10-month MS(A) program prepares you to take the CPA exam while enhancing your technical skills, improving your written and oral communication skills, and developing your critical thinking and leadership skills. Whether you plan to pursue a career in assurance, tax, consulting or industry, the flexibility of the MS(A) program allows you to get the graduate-level educational experience you need to be successful. Pair this with the ability to pursue CMA certification throughout your studies and readiness to take the CPA exam immediately upon graduation, and you appreciate the significant value in the 10-month program.
