

GLOBAL SUPPLY CHAIN MANAGEMENT

MASTER OF SCIENCE IN GLOBAL SUPPLY CHAIN MANAGEMENT

Purdue's Online Master of Science in Global Supply Chain Management (MSGSCM) is a 30-credit hour program targeted towards working professionals seeking to advance their careers by developing supply chain management knowledge, skills and abilities. Designed by faculty from our top-ranked in-residence MSGSCM program, the flexible online modality offers a strong foundational and core set of courses in GSCM content in areas such as Operations Management, Project Management, Supply Chain Management, Supply Chain Analytics, Strategic Sourcing and Procurement, and Global Supply Chain Management. You will develop skills to work in cross-disciplinary teams and across functional boundaries. You will take an experiential learning course where you will complete a project for a partnering company and work on real-life organizational challenges in managing their supply chains. You may also take a complementary set of GSCM elective courses in areas such as Ethical & Sustainable Supply Chain, Python Programming, Advanced Manufacturing, and Change Management or Negotiation.

DEGREE EARNED	LENGTH	FORMAT	WORK EXPERIENCE	FEES
Master of Science	Typically 1.5-2.5 years (or 5-9 semesters) beginning in August or January	Online, 30 Credit Hours 7-week modules 1 or 2 classes at a time	3-5 years or more	In-State: \$32,064 Out-of-State: \$33,564 <small>*All fees subject to change Excludes textbooks</small>

PROGRAM HIGHLIGHTS

- Flexible 100% online program that allows you to earn a degree without affecting your time with family or your career responsibilities.
- Courses are developed and taught by the same esteemed faculty from the Daniels School's top-ranked in-residence Master of Science in Global Supply Chain Management program.
- The program offers a strong foundational and core set of courses in all GSCM content areas.
- Complimentary GSCM elective courses that allow you to explore topics in greater depth.
- Experiential learning in which you partner with a company to tackle real-life organizational challenges.
- Wide selection of elective courses that provides a great level of flexibility in developing individual plans of study that seamlessly connects student's background to their career goals.
- Career support services are provided by the career services office.
- Students have access to a success coach who provides study skills and time management development as well as stress management coaching.

The content in the courses has introduced me to new concepts and ideas. The pace of the classes and what is needed to accomplish them are all reasonable and satisfying."
