Managing Director – Dauch Center , GSCMI

## Background

Development Methods

Funding Sources

WHIN – Lilly Foundation

North Central Indiana Regional Planning Council

Economic Development Administration University Center Grant

Renewal / updates schedule – 3 year cycle

Scope of Tool – 8,000 companies

Features

Search methods (database driven), Password Driven

Upcoming Features – a. Ownership Type - Gender, Military, Minority

b. Core Company information

c. Services provided

d. Multi-locations

e. Imports

f. Company update method

## Welcome To The Supply Chain Marketplace

The Supply Chain Marketplace is designed to increase purchases by Indiana companies (parts, materials, goods & services) locally to improve the Indiana economy, find other local manufacturers to partner to produce enhanced products with added value, and enable EDCs to attract companies to locate in Indiana by promoting Indiana's manufacturing supply base.

### Existing Users:

Login below with your credentials to access the Supply Chain Marketplace.

[Log In »](#)

### New Users:

If you are a new user, welcome! Please sign up using the link below. **Note:** Account access will need to be approved.

[Register »](#)

The SCM includes these types of companies:

- Original Equipment Manufacturing (OEMs)
- Manufacturing Suppliers
- Maintenance, Repair and Operations Distributors
- Service Providers such as: Engineering, Logistics, Automation, etc.

For each company, the following is provided, when available:

- Company Name and Business Description
- Web-site Link
- Contact Information
- Industries Served, Products, Equipment & Certifications
- NAICS codes

The benefits of this tool allow suppliers/service companies to add new customers, allow purchase agents to find new local suppliers to reduce risk of supply chain disruptions, and provide EDCs the opportunity to support companies considering locating in your area with access to the local supply base.

## Dauch Center for Management of Manufacturing Enterprises (DCMME)

[Company Website](#)

For more than 35 years, DCMME (the Dauch Center for the Management of Manufacturing Enterprises) has been the focal point within the Mitchell E. Daniels, Jr. School of Business for promoting education, research and industrial engagement with those interested in operations management and manufacturing management. The Center accomplishes this through conferences, student competitions, and company projects that create venues for collaboration between firms, students and faculty around the state and across the globe. These opportunities place our students on the leading edge of emerging ideas and technologies and provide differentiating advantages in the manufacturing business.
