Program Highlights

- The MS Finance program is STEM designated. Successful graduates of the program may be eligible for STEM OPT extension.
- No prerequisite finance course work is required.
- Working in a team-based environment, students work with peers from across the United States and around the world including MBA counterparts offering insights into broader business principles. Students gain a global business perspective in their classroom and group interactions.
- Graduates prepare for careers in corporate finance; investment management; security analysis and brokerage; commercial and retail banking; and financial management of commercial and nonprofit organizations.
- Opportunity to take part in the Student Managed Investment Fund (SMIF), a unique program that provides real-world portfolio management and security analysis experience.
- Newly designed courses incorporate coding in Python, one of the fastest-growing programming languages in the financial industry.

“The program has connected me with many individuals who hold positions I wish to hold in the future and Purdue alumni are always willing to help.”

Ryan Sadkowski, ’19 MS Finance

“If you don’t mind working hard and are looking for an education from an elite institution, Krannert should be your top choice. The MS Finance program offers an advanced financial and quantitative curriculum which distinguishes Krannert from other schools. If you are mathematically oriented and looking to set yourself apart in any financial field I would recommend considering the Krannert School of Management.”

Michael Bagnoli, MS Finance ’14
Analyst, Lincoln International - Chicago, IL
