- Electrical Engineering
- Electronics and Communication
- Finance
- Industrial Design
- Industrial Engineering
- Information Management
- Logistics Management
- Mechanical Engineering
- Operations Leadership
- Production Engineering
- Real Estate and Built Environment
- Retail Management
- Statistics
- Textile Technology
- Transportation and Logistics Management

ALUMNI SPOTLIGHT

“Every coursework has focused on providing quantitative and qualitative toolkits/frameworks to address the practical issues I would encounter in the industry. Also, it helped me develop critical thinking abilities and view challenges from a strategic and detailed perspective that will guide me to communicate effectively with senior leadership and team members.”

UTHAYAN ARUL
MSGSCM '23

Information compiled from recent cohorts.

SUCCESSFUL

STUDENT ATTRIBUTES

TRUE GRIT

Daniels School students unlock their full potential during their academic journey. Challenges reveal the mettle of a Boilermaker. Our students are tenacious and can be relied upon to see a job through, all while balancing their studies, work and family life.

PIONEERING SPIRIT

At the heart of Purdue University is a passion for discovery, fueled by an entrepreneurial spirit. Daniels School students blaze their own paths, never settling for the status quo.

INITIATIVE

We look ahead and forever move forward. Daniels School master's students apply classroom learning and newly developed skills to their professional development plan and their workplace, creating value for themselves and their companies long before graduation.

THE "IT" FACTOR

Moxie? Check. Magnetism? Check. Charisma that demands attention? Check.

ENRICHING CONTRIBUTOR

Daniels School students enrich the school and their cohort, elevating the learning experience for all. Here, diversity transcends ethnicity or gender into realms of thought, industry and academic background.

EMOTIONAL INTELLIGENCE

Great leaders communicate effectively and with great empathy. Daniels School students are great leaders in training who learn to manage themselves and their relationships with self and social awareness, upping their Emotional Intelligence Quotient (EIQ).

PROBLEM-SOLVING SKILLS

At the Daniels School of Business, we roll up our sleeves and dig deep into a problem. Success requires us to approach questions from a variety of angles, combining a solid academic foundation with a flair for the creative. And we are successful.

ALUMNI SPOTLIGHT

“Anyone who values innovation, experiential learning and growth would want to choose the Daniels School of Business. I was mostly drawn to its hugely diverse and high intellectual faculty base. The opportunity to meet students from up to 128 countries at Purdue was also a deciding factor for me. The success rate at the Daniels School is high and this has paved the way for a great brand name. This is why I decided to be a part of the family.”

FACULTY HIGHLIGHT

AMY DAVID

Clinical Professor of Management

BS, General Engineering, University of Illinois at Urbana-Champaign, Urbana, IL

MBA, Lake Forest Graduate School of Management, Lake Forest, IL

PhD, Industrial Engineering and Operations Research, University of Illinois at Chicago, Chicago, IL

“Purdue University’s MS Global Supply Chain Management program is designed for students from a variety of fields and industries and is particularly ideal for those with strong STEM backgrounds. However, students from less STEM-heavy majors, including Liberal Arts, Agriculture, and Humanities, also thrive in the program. Our diverse classroom enriches the learning environment. Students can expect curriculum that is aligned with emerging industry trends, hands-on learning, and immersive experiential learning opportunities in company projects.”
