

MS HUMAN RESOURCE MANAGEMENT

Master of Science in Human Resource Management—MSHRM

The MSHRM program ties human resource skills to strategic decision making. The program combines human resources, management and organizational behavior studies with experiential learning opportunities. MSHRM goes beyond the classroom, empowering business savvy leaders for global organizations. Krannert's cohort model develops a sense of community within the program that helps students thrive and build lifelong professional relationships. Students perform a summer internship to prepare them for careers in the public or private sector. The MSHRM program curriculum is aligned with the Society for Human Resource Management guidelines.
