

ECONOMICS

BACHELOR OF SCIENCE IN STEM DISCIPLINE / MASTER OF SCIENCE IN ECONOMICS (MSECON)

This combined degree program allows undergraduate students in Engineering (AAE, CE, ChE, ECE, IE, or ME), Mathematics, Computer Science, or Statistics to not only complete their undergraduate degree but also make progress toward the completion of the MS degree in Economics while at Purdue. This path can be particularly attractive to Purdue STEM majors who already have plans to obtain a Minor in Economics as undergraduate students.

PROGRAM REQUIREMENTS

- Take the three designated courses (ECON 51100, ECON 51200, and ECON 56200) to fulfill the requirements for a Minor in Economics.
- Have a GPA of 3.0 or higher in the three graduate level economics courses, and no grade lower than a B-.
- Have an overall Purdue GPA of 3.0 or higher at the time of application.
- Have met with undergraduate academic advisor.

PROGRAM NOTES

- Students planning on taking the prerequisite courses listed above should apply to the Purdue Graduate School for admission into the combined BS/MS degree program prior to completing the courses.
- Students who are encouraged to apply will complete the Graduate School application in early spring of their junior year. Admissions decisions will be made in time for them to complete plans for the upcoming year.
- To create the option of pursuing this combined degree program, students will apply for admission during his or her junior year and take the 3 required courses during their final year of undergraduate study.
- To graduate with MS degree in Economics, students need to take a total of 30 credit hours of Graduate level Economics courses. The three designated courses listed above would meet 9 of the 30 credit-hour requirement for the MS degree in Economics.
- The Online or Hybrid modality of MS Economics allows for students to begin their career following completion of their BS, and continue on with the MS while working full time.
