Program Highlights

- Study when it's convenient. Learning online gives you the flexibility you need to earn a degree without affecting your family or career responsibilities.
- Courses are developed and taught by the same esteemed faculty from Krannert's top-ranked in-residence MSGSCM program.
- The program offers a strong foundational and core set of courses in GSCM content in areas such as Operations Management, Project Management, Supply Chain Management, Supply Chain Analytics, Strategic Sourcing & Procurement and Global Supply Chain Management.
- A complimentary set of GSCM elective courses in areas such as Ethical & Sustainable Supply Chain, Python Programming, Advanced Manufacturing, and Change Management or Negotiations..
- Curriculum includes an Experiential Learning course where students complete a project for a partnering company and work with real-life organizational challenges in managing their supply chains.
- Wide selection of free elective courses that provides a great level of flexibility in developing individual plans of study that seamlessly connects student's background to their career goals.
- Career support services are provided by the Krannert Professional Development Center.
- Students have access to a success coach who provides study skills and time management development as well as stress management coaching.

**Students will have the option of proposing a faculty-supervised project, and will be awarded credits based on the project scope as agreed upon by the student and faculty advisor. This project may take the form of a research project/thesis or a company-sponsored project. Each project can be between 1 and 4 credits, and this course is repeatable for up to a total of 4 credits.*

*** Other Krannert online offerings may be used as free electives with the approval of both the course instructor and the Academic Director.*

RANKINGS

#8 Masters in Supply Chain Management In the World*

QS World University Rankings

#8 Supply Chain / Logistics*

US News & World Report

**The ranking is for Krannert's on-campus MSGSCM program.*

"The case studies we use in class I think is one of the best resources we've had. With these cases we can apply what we are learning in class to real life situations that big companies have gone through and not just some random numbers."

Carlos Pelaez '18 MSGSCM
